

WATERPROOF OXYGEN METER CO-411

- Measures oxygen dissolved in water and sewage in % or mg/l and temperature.
- Used for work in the field and long-lasting measurements in the laboratory.
- Low weight and small size make working in the field easier.
- Waterproof housing makes working in difficult conditions easier.
- Easy in use and maintenance galvanic oxygen sensor.
- Enables entering the values of air pressure and salinity for automatic correction of their influence to the result.
- Large LCD display makes working easier.
- Separate temperature sensor enables measurements in range $-50 \div 199.9$ °C (Pt-1000).
- Automatic Temperature Compensation.
- Easy in use.
- Powered by 9V battery or 12V power adapter, as option rechargeable battery, with internal charging, available.
- Auto switch off function to protect battery against discharging.
- 24 months warranty for the meter.

Function	O ₂ mg/l	O ₂ %	°C
Range	0 ÷ 19.99	0 ÷ 199.9	-50.0 ÷ 199.9
Accuracy (± 1 digit)	0.2 mg/l	2%	± 0.8 °C
Temp. compensation	0 ÷ 40 °C		
Pressure range	800 – 1200 hPa		
Salinity range	0 – 50 g		
Dimensions (mm)	L=149, W=82, H=22
